PUBLIC MEETING.

According to previous notice, a meeting of the Whigs of this county was held in the Court House in this place on Saturday the 14th inst., ROLAND HUGHES, Esq., Presiding, and W. F. DUNNICK, Esq., acting as Secretary.

The object of the meeting was the presentation of the Banner awarded to the Whigs of Chariton Township, for their gallant exertions in the late political campaign.

The following gentleman appointed a Committee by the Whigs of Chariton Township, to receive the Banner, were present, viz: Wiley J. Stratton, Jos. S. Hughes, Wm. F. Dunnick, Jno. L. Lewis, Jno. H. Grove, Jas. Shepherd, Walton Horseley, Mason Bagley, A. W. Roper, Jas. B. Reid, Thos. Donohoe.

Mr. Leonard, on behalf of the Committee of presentation, made a few remarks, reviewing the political history of Howard County, the once strong-hold of Democracy; showing how the whigs had struggled on in an almost hopeless minority—how, by their untiring efforts and patriotic exertions, they had overcome all difficulties and succeeded in convincing a majority of her citizens of the correctness of Whig Principles—and, how, in the late crowning effort, in each Township in the county, but more particularly in Chariton, they had won honors for themselves.

Mr. Stratton, on behalf of the committee of reception, made a few brief and appropriate remarks—accepting the Banner in the name of, and for, the Whigs of Chariton Township—claiming no honor for their exertions in the late contest: as Whigs, they had discharged their duty to their country—and, as Whigs still, they held themselves ready to battle for her interests.

Mr. Leonard offered a set of resolutions for the consideration of the meeting, which were laid on the table upon Gen. Clark's motion, and a committee of fifteen appointed to report resolutions expressive of the sense of the meeting.

The President appointed the following persons to compose said committee, viz: Gen. Clark, A. Leonard, W. F. Birch, W. J. Stratton, S. C. Major, J. S. Hughes, J. Kingsberry, J. H. Shepherd, J. Harvey, J. Dysart, J. H. Grove, G. D. Maupin, C. H. Green, J. Ferguson, H. Yates. On motion of W. F. Birch, the resolutions offered by Mr. Leonard were referred to the above committee, which reported them to the meeting, with a few slight alterations, when they were adopted, as follows:—

Resolved, 1. That Whigs we have been—Whigs we are—and Whigs we ever will be, and under that honored name, honored in Revolutionary times and honored now, we will ever hold fast to the great political principles for which we have been so long struggling.

2. That although defeated, we are neither subdued nor dismayed, and that we still retain unshaken confidence in the efficacy of Whig principles and Whig measures to maintain our republican institutions and advance the glory and prosperity of the American People.

3. That now when darkness threatens to overshadow our political horizon, and we have cause of apprehension for the future, we renew our vows of fidelity to the great Whig party throughout the United States, and pledge ourselves to be firm and faithful to our principles, and never to forget or forsake those who have stood by them in the fearful ordeal through which the country has just passed.

4. That although we do not question or doubt the integrity and patriotism of the Native American Party, we will form no political alliance with them; but abiding by our ancient name and known principles,

we now again raise aloft the ever glorious and known standard of the Whigs, and call upon our political friends everywhere, by their love of country and their love of mankind, to gird on their armor and prepare for the coming contest of '48.

5. That monuments of stone or brass, are not needed to carry the name of Henry Clay down with honor to the latest posterity, and that his great acts, during the last forty years of our Republic, are written upon almost every page of its history, so that his great name cannot perish, so long as that history shall survive among men.

6. That we, the Whigs of Howard County, have eminent cause to congratulate ourselves upon the signal and triumphant victories that crowned our efforts at the August and November elections, and that whatever may betide our cause in other parts of our country—we here pledge ourselves to stand by and uphold the good old Whig standard; we professed to be Whigs before the election, we acted like Whigs at the election and we are Whigs yet.

On motion, the meeting adjourned to the first Monday in May next.

Valuable Mill, and other Property, to be sold at Trustee's Sale.

By virtue of, and in accordance with the provisions of a Deed of Trust, executed by Wm. N. Oliver, and Mary, his wife, to me as Trustee, for the benefit of Messrs. Sater, Price & Co., and Messrs. Montelius & Fuller of Philadelphia, for the purposes therein mentioned, dated 23d day of June, 1840, and filed for record 25th of August, 1840, in the Recorder's Office, in and for the County of Saline, State of Missouri, I will proceed to sell, on Saturday, the 15th day of February, 1845, between the hours of 10 o'clock, A. M. and 3 o'clock, P. M., at the place designated in the Trust, known as the "ROCKLAND MILLS," to the highest bidder, for cash in hand, the following described property, to-wit:

Three hundred and twenty acres of Land, situated near Marshall, in Saline county, it being the "south east quarter of section No. 11, and north west quarter of section 14, of township No. 51, of range No. twenty-one, containing three hundred and twenty acres."

Also, at the same time and place, the property known as the "ROCKLAND MILLS," and described in said Deed of Trust, as follows:

"Beginning at the east half and corner, between sections thirteen and eighteen, on the range line between nineteen and twenty, of township forty nine and running thence south on said range line, sixteen poles to a stake; thence north 75 degrees; west sixteen poles, ten links, to a Spanish oak, standing on the bluff of the Salt Fork; thence crossing the said Salt Fork, angling south 35 degrees, west 50 poles to a Turkey oak on the west bank of the Salt Fork; thence North 60 degrees; west until said line strikes the middle of the channel of the Salt Fork; thence down the middle of the Salt Fork to N. B. Tucker's corner in the Salt Fork; thence east on the range line to another corner of said Tucker's land; thence on the range line to the beginning, being the land on which the Saw and Grist Mill of the said Wm. N. Oliver now stands, and containing, by estimation, fifty acres, be the same more or less, together with all and singular the improvements and appurtenances thereunto belonging or in any-wise appertaining."

The above Mill is situated in a delightful region of country, and on one of the best streams in the State for water privileges, (the Salt Fork) being only six or seven miles from Arrow Rock, on the Missouri river.

It is thought that by an expenditure of some few hundred dollars, in the way of repairs, that the Mill can be made a very valuable and productive piece of property.

I will convey to the purchaser only such right and title as may be invested in me as Trustee, though the title is thought to be a perfect one.

W. M. B. SAPPINGTON, Trustee.

More about the Magical Pain Extractor.

This salve is doing wonders, and one half of the cures and benefits that come daily to our notice cannot be published. But we think that what already has been given here to the New York public, should impress upon every family the actual necessity of always keeping this salve in the house, as a little girl's (159 Washington-street) life was saved on the 3d of this month by this salve, from a dreadful scald, and we ask all who do not fully believe it, to go there, and see the child and its mother.
